Customers are entitled to administrative access to copies of certain documents held on the OLAO file which relate to their dispute.

This policy is consistent with the requirements of the *Land Access Ombudsman Act 2017* (the Act), the RTI Act and the IP Act.

- A solicitor or barrister acting for a customer and the client has provided written authority to access material on their OLAO dispute file.

Lawyers action for clients must provide a copy of their client's written authority permitting them to access their client's documents held by the OLAO.

Which documents can be applied for?

- All documents supplied by them to the OLAO
- All documents sent to them by the OLAO
- Documents that are publicly available.

Timeframe

Administrative access applications will be processed and a response sent to the customer within 20 business days of receiving the application. If files are held off-site, or the request involves a large number of documents, additional time may be required.

Cost

In most cases, there will be no charge for access to documents, but the OLAO reserves the right to charge for photocopying (in accordance with the RTI Act) or for USB services, if the document size exceeds email limits.

Refusal of an application

The OLAO may refuse an application that is considered unreasonable, such as where the information requested is very large in volume or where the information has been previously provided.

Complaints
